

Lockdales' Auction #242 Report:

The Banknote Sale: 24th August 2023

Total prices realised: £68,138 (incl. prem.)

499 lots were offered. Trends we noted in this sale were that British notes remain strong. £3400 hammer was achieved for the pattern Warren Fisher 5s 1919. Some scarce Provincials were sold including a pair of Stratford Upon Avon Old Bank £10 notes which made £500 (top est. £200). There was good demand for African notes, Czech and other Eastern European, Scottish, and of course the collections of both British and World notes – always sought after by online sellers.

Our next Banknote Sale is scheduled for 6th December - consignment open until 27 October.

Lot 17: Warren Fisher unissued design 1919, sold for £3400 hammer.

Lot 386: Philippines 'VICTORY' issue 500 Pesos sold for £2300 hammer.
